Obadiah 1:3-4: The pride of thine heart hath deceived thee, thou that dwellest in the clefts of the rock, whose habitation is high; that saith in his heart, Who shall bring me down to the ground? # **Word for the week:**

## **POWER TO TROUBLE YOUR TROUBLE**

**Dr. D. K. Olukoya**

### **CURSES**

Another way to trouble your trouble is by destroying curses. Your mouth contains double barrel power. The words you speak can destroy or promote you. When a man who has a backing, force speaks some words those words can cause trouble. The words you now speak, backed up by the force, can limit a life or explode a destiny.

### **WHAT IS A CURSE?**

A curse is a set of words issued for destructive purposes. A curse is a commission given to satan to limit the life of a person. The enemy may decide to take 20 years out of the life of a person by issuing a curse. A curse is a force of retardation. So, if you dream of your primary school days, secondary school days or that somebody converted you to a housemaid or houseboy or slave, then you need to break the curse of retardation.

A curse is a tragedy that moves from generation to generation. You have to understand that. This is why we have a lot of educated illiterates around. Their chains of degrees cannot help them. Education is not an ability to nullify curses or the ability to defeat the forces limiting your life.

A family weakness can move from generation to generation. In some families, it is the curse of premature death. God said to Eli that no man in his family would enter his grave with grey hair. There are families like that. There are some families where their members never rise above a particular level. In Joshua 9:23 we see the curse that was put upon a whole tribe. It says, "Now therefore ye are cursed, and there shall none of you be freed from being bondmen, and hewers of wood and drawers of water for the house of my God."

A family or a community can be in a position where it never produces a great person. There are communities where you cannot find any educated man. Therefore, a curse is a terrible thing. It has a backing force and what you can call an enforcing spirit. Physical relocation does not stop a curse. You need to know how to destroy it. And immediately you begin to do that, your trouble knows that it is in trouble. Escape by physical relocation is not the answer but spiritual relocation.

I know a brother who ran away to America and did not tell any member of his family. He settled down there, got married and had four children. He was not writing to anybody at home and nobody knew his whereabouts, and he was doing well. But one night, he had a dream where he saw a dog running after him until it caught up with him and started biting him.
